Wyoming ProStart

We are the only statewide organization dedicated to servicing the interests of the Wyoming hospitality industry on the front lines and behind the scenes. Our goal is to create a continual flow of new, skilled, and enthusiastic young workers to enter Wyoming's growing hospitality workforce. We promote a positive message to our members, teacher, students, as well as the public about the hospitality industry and its' workforce.

### A Message From the Education Director

Having successfully completed the ProStart Program myself, I understand the critical role it plays in shaping future leaders of the hospitality industry. It is evident that the students who are part of this program possess immense potential and are envisioning promising careers ahead.

As we all recognize the value of this industry, which thrives on traits like discipline, innovation, and creativity, it becomes even more important to provide avenues for these aspiring professionals to discover their passions. ProStart is the program that does just that.

Supporters like you play a crucial role in guiding these students on their journey towards success. Your support not only helps them gain the necessary skills but also instills in them the values that drive the industry forward.

We believe in you to find ways to contribute to their future so that they can thrive in an industry that we deeply cherish. Together, let us be the catalysts that empower the leaders of tomorrow.
